The Office of the Auditor General (OAG) brings a systematic, disciplined approach to evaluating and improving the effectiveness of the City's risk management, control and governance processes.

Audit, Assurance and Special Investigations

Audit and Assurance work includes the examination and evaluation of the adequacy and effectiveness of the City's governance, risk management process, systems of internal control and the quality of performance in carrying out assigned responsibilities to achieve the organization's goals and objectives. This includes both compliance and value for money audits. The City's processes should function in a manner that ensures:

- Actions are in compliance with policies, standards, procedures, and applicable laws and regulations.
- Resources are acquired economically, used efficiently and are adequately protected.
- Programs, plans and objectives are achieved.

In addition to audits, special investigations may be undertaken by the OAG pursuant to Council having given that authority under the Whistleblower By-law (19-181) and the City of Hamilton's Fraud Policy and Protocol. These include reviews or investigations of matters of alleged or suspected wrongdoing, per the Whistleblower By-law or fraud, waste or other similar activities reported by employees or residents through the Fraud and Waste Hotline or other mechanisms.

INDEPENDENCE

Independence is an essential component to maintaining public trust and preserving objectivity and integrity associated with the audit function.

To provide for the independence of Office of the Auditor General, its personnel report to the Auditor General, who reports functionally to the Audit, Finance and Administration Committee of Council and administratively to the City Manager. Audit and other reports (such as the Fraud and Waste Annual Report and Serious Matter Reporting) are sent directly to the Audit, Finance and Administration Committee for discussion and approval and then to Council. These reporting relationships help ensure independence, promote comprehensive audit objectivity and coverage, and assure adequate consideration of audit recommendations.

All OAG activities shall remain free of influence by any element in the organization, including matters of audit selection, scope, procedures, frequency, timing or report content to permit maintenance of an independent and objective attitude necessary in rendering reports. The Auditor General has the authority to revise and extend the scope of any audit or investigation in the course of their examination.

The OAG shall have no direct operational responsibility or authority over any of the activities it reviews. Accordingly, it shall not develop nor install systems or procedures, prepare records or engage in any other activity which would normally be audited or investigated.

RESPONSIBILITIES

The Auditor General and the staff of the OAG have the responsibility to:

- Review operations within the City at appropriate intervals to determine whether planning, organizing, directing and controlling are in accordance with management instructions, policies and procedures and in a manner that is consistent with both City objectives and high standards of administrative practice.
- Determine the adequacy and effectiveness of the systems of internal accounting, financial and operating controls.
- Review the reliability, utility and integrity of financial information and the means used to identify, measure, classify and report such information.
- Review the established systems to ensure compliance with those policies, plans, procedures, laws and regulations which would have a significant impact on operations and reports and determine whether the organization is in compliance.
- Review the means of safeguarding assets and, as appropriate, verify the existence of such assets.
- Carry out value for money (VFM) / performance audits to determine the efficiency and effectiveness of services and evaluate attainment of corporate objectives and value to residents.
- Report to those members of management who should be informed or who should take corrective action, the results of audit examinations, the audit opinions formed, and the recommendations made.
- Evaluate any plans or actions taken to correct reported conditions and provide timely follow-up to ensure satisfactory disposition of audit findings in the manner and timeframe committed to by management in the original audit report. If the corrective action is considered unsatisfactory, hold further discussions to achieve acceptable disposition.
- Develop a flexible multi-year work plan, including any risks or control concerns identified by management or other audits as well as appropriate special tasks or projects requested by management.
- Undertake assessments, investigations, or refer issues to other appropriate parties as a result of disclosures under a Whistleblower By-law or the Fraud and Waste Hotline.
- Maintain a professional audit staff with sufficient knowledge, skills and experience and engage external subject matter experts as required for audits and investigations.

AUDIT PLANNING

Each term of Council, the Auditor General shall prepare a multi-year work plan, setting out the proposed work for the term.

For the projects, the following sources are considered:

- Prioritization of the audit universe using a risk-based methodology;
- Requests from Members of Council, senior management and staff;
- Any audits planned for the past term but delayed or not completed;
- Any conditions, concerns, or risks discovered or communicated throughout past years; and
- Input from members of the public, via the Fraud and Waste Hotline and resident complaints or suggestions.
- Areas likely to provide significant payback in terms of increased revenues, reduced costs, operational efficiencies and quality of services.

The multi-year work plan will be presented to the Audit, Finance and Administration Committee for approval. Any changes to the work plan requested by Council or individual Members of Council will require a majority of at least two-thirds (2/3's) the total members of Council present and not prohibited by statute from voting for the Auditor General to consider.

REPORTING

A written report is prepared and issued by the Auditor General following the conclusion of each audit or assurance project. The report will include management's responses to the report findings and recommendations. Management's response will include a statement of general agreement or disagreement with the stated findings and recommendations as well as a timeframe for anticipated completion of action to be taken and an explanation for any recommendation not addressed.

The OAG is responsible for appropriate follow up on audit findings and recommendations. All significant findings will remain open until the Auditor General has determined management has appropriately taken action to resolve the finding. Follow up audits will be completed as OAG capacity permits.

By-law 19-181 (Whistleblower By-law), Section 19 – Responsibility of the Auditor General requires a semi-annual report for, in the aggregate, on the number, nature and outcome of disclosures of serious wrongdoing made under this By-law. A Fraud, Waste, and Whistleblower Semi-Annual Update report is submitted to the Audit, Finance and Administration Committee and captures at a high level the special investigations activity undertaken by the OAG. This is in addition to the Fraud and Waste Annual Report.

The OAG does not perform consulting and risk assessment work, as this would compromise the independence of the OAG.

All reports are generally presented to the Audit, Finance and Administration Committee. Reports may be presented to the General Issues Committee, if appropriate.

PROFESSIONAL STANDARDS

Under the Auditor General's authority granted in this Office of the Auditor General Charter, all OAG activity will be guided by the following professional standards and/or legislative requirements:

- *Municipal Act*, Sections 223.19-223.23 (Auditor General), as applicable.
- City of Hamilton Whistleblower By-law (19-181).
- Government Auditing Standards (commonly referred to as generally accepted government auditing standards or GAGAS, or the "Yellow Book"), issued by the U.S. Government Accountability Office for audit and assurance work.
- Certified Fraud Examiners Code of Professional Standards issued by the Association of Certified Fraud Examiners for Fraud, Waste and Whistleblower assessments and investigations.

OAG professional staff are also bound by the standards and ethics of their respective professional organizations, which include the Chartered Professional Accountants of Canada (CPA), Institute of Internal Auditors (IIA), and Association of Certified Fraud Examiners (ACFE).
