A **non-disqualifying** interest is an interest in a matter that, by virtue of the relationship between the Member and other persons or bodies associated with the matter, is of such a nature that a reasonable person fully informed of the facts and circumstances would conclude that the Member could still participate impartially in the decision-making processes related to the matter only so long as:

The Member fully discloses the interest so as to provide transparency about the relationship; and

The Member states why the interest does not prevent the Member from making an impartial decision on the matter
