Wild Water Works (WWW)

A waterpark operating on conservation lands in Hamilton. Campers 7 years and older will rotate in groups to the parks attractions, including the wave pool, water slides, Eazy River, and Squirt Works. Campers will be required to wear a life jacket when using the wave pool and Eazy River. There are minimum height requirements to use the water slides. Campers 6 years and under will play exclusively in the Squirt Works

Bronte Creek Provincial Park (BCPP)

Campers will enjoy a Camp Kidaca favourite! Staff have planned a day packed full of exciting teambuilding initiatives, group challenges, water games and more. Campers will enjoy a fun, outdoor and interactive group experience. The park also offers five great hiking trails that campers can explore with their groups that showcases the natural beauty of the provincial park.

Royal Botanical Gardens (RBG)

Campers will learn about the importance of healthy natural spaces, and their place within them! RBG challenges children through inspiring curiosity, discovery, and connection in a natural setting. They will participate in games, exploration activities and discussions, that allows campers to explore the natural world around them!

Crawford Lake (CL)

New this year, this conservation area trip in the Halton Region offers a variety of adventures for the day. Campers will partake in a guided hike around Crawford Lake and will experience hands-on learning and education in the reconstructed Longhouse teaching Village. The day will include traditional games, crafts, hiking and more!

Kidaca Day

New this year, all camp locations will gather at a local park to participate in a carnival fun-filled day of activities. Campers can expect to play large group games, water-play, special guests and other surprise activities with some Kidaca cheer!
